JOIN THE UK'S LEADING NEUROREHABILITATION EXPERTS

Established in 2015, NRC Medical Experts is a supportive chambers of over 40 experienced rehabilitation experts, providing solicitors, barristers, and the courts with unrivalled expertise in neurorehabilitation.

With medico-legal activities typically carried out in addition to NHS and private practice, working as an expert witness allows experienced doctors to expand their knowledge and experience with rewarding work.

Consultants in Rehabilitation Medicine, neuropsychologists, neuropsychiatrists, neurologists and neuro therapists are invited join the UK's leading team of neurorehabilitation medical experts.

Whether you're an experienced medico-legal expert or you're considering entering the sector for the first time, at NRC Medical Experts, we provide a range of benefits including comprehensive expert witness training, mentoring and full administrative support.

Governance

BENEFITS

COMPETITIVE FEES & FLEXIBLE WORKING

Our excellent terms of service ensure you'll receive payment within 30 days of us receiving your report. You're free work flexibly, taking on instructions and cases to suit your existing commitments and schedule.

CPD & TRAINING

Neurorehabilitation is a small professional field with few opportunities for continuous professional development, making ongoing learning a challenge. Members of NRC Medical Experts are supported in their ongoing professional development with access to at least two new CPD sessions each year.

PEER SUPPORT & COLLABORATION

Mentoring is available for any new expert who feels they would benefit from a second opinion or additional support with specific requirements of Expert Witness work or our Clinical Practice. Our annual meetings provide an excellent opportunity for networking among your peers.

FULL ADMINISTRATIVE SUPPORT

Our medical experts receive excellent administrative and telephone support from highly experienced staff, with easy access to patient information and case notes via our secure online portal. Our team provide full support from instruction to report completion, which includes professional typing, proofreading and editing service

MARKETING YOUR SERVICES

NRC Medical Experts works with hundreds of legal firms across the UK. We will market your services and bring work directly to you, so you can get on with sharing your expertise with the Courts.

SHARE YOUR EXPERTISE WITH THE COURTS

We welcome applications from experienced Consultants in Rehabilitation Medicine, Neuropsychologists, Neuropsychiatrists, Neurologists and allied health professionals specialising in neurorehabilitation.

There is a huge amount of knowledge to be gained and shared from medico-legal cases – as doctors, we learn when we do this work, and I feel it makes me a better doctor. Supporting medico-legal clients gives me an enormous range of professional knowledge about how different people can be impacted over the long term by even minor neurological injuries.

DR DAVID ABANKWA, NRC MEDICAL EXPERT
