

# Mr Srinivasa Budithi CV

## PRINCIPAL PROFESSIONAL SPECIALISM

### Consultant Surgeon in Spinal Injuries

MBBS, MS, MRCS, FRCS (T&O), FEBOT, FEBPRM

## QUALIFICATIONS & ACCREDITATIONS

- EFIC Certificate in Pain Medicine Knowledge, 2021
- CCT Certificate of Completion of Training in Rehabilitation Medicine, UK, 2017
- FEBPRM Fellow of European Board of Physical and Rehabilitation Medicine, 2016
- FEBOT Fellow of European Board of Orthopaedics and Traumatology, 2014 FRCS (T&O) Royal College of Surgeons, Edinburgh, 2013
- MRCS Royal College of Surgeons, Edinburgh, 2005
- M.S. Orthopaedics University of Health Sciences, Andhra Pradesh, India, 2001
- MB BS University of Health Sciences, Andhra Pradesh, India, 1997

## PRESENT POSITIONS

- **Consultant Surgeon in Spinal Injuries**, Midland Centre for Spinal Injuries, RJA Orthopaedic Hospital, Oswestry, 2017 - present
- **Honorary Senior Lecturer**, Cardiff University, 2019 - present

## MEMBERSHIPS

- Research and Clinical Standards committee, British Society of Physical & Rehabilitation Medicine (BSPRM)
- Education Committee Member, International Spinal Cord Society (ISCOs)
- Member, Pressure Injuries Subcommittee, International Spinal Cord Society (ISCOs)
- European Pain Federation EFIC Academy Member
- International Spinal Cord Society (ISCOs)
- United Kingdom Continence Society
- Orthopaedic Institute, Oswestry
- British Medical Association
- British Neurotoxin Network
- Society of Tissue Viability, UK

## MEDICO LEGAL TRAINING

- Medical Experts Training, NRC Medical Experts, 2024
- Quantification of Catastrophic Claims, BSPRM Conference Workshop, 2023
- Causation in Medical Negligence, Stewarts Law, 2021
- Excellence in Medico-Legal Report Writing, British Medical Association, 2020
- Expert Witness Essentials, Expert Witness Institute, 2020

## PROFILE

Mr Srinivasa Chakravarty Budithi is a Consultant in Rehabilitation Medicine (Spinal Injuries) at the Midland Centre for Spinal Injuries, Oswestry, and Clinical Lead since 2025. He has extensive experience in the management of spinal cord injury across acute, subacute and long-term phases, with expertise in complex rehabilitation, spasticity management, pressure injury care and long-term functional outcomes.

He holds a CCT in Rehabilitation Medicine and is a Fellow of both the European Board of Physical and Rehabilitation Medicine and the European Board of Orthopaedics and Traumatology. In addition to his clinical role, he is an Honorary Senior Lecturer at Cardiff University and is actively involved in research, service development and international education in spinal cord medicine.

### POSTERS & PRIZES

- Poster Prize at BSRM Annual Scientific Meeting, Nov 2016
- Dr.Ethirajulu Memorial Gold Medal in Orthopaedics, A.P. University of Health Sciences, India 2001

### RESEARCH PROJECTS

- Service Evaluation of Delayed Transfer to Spinal Injury Unit Post Acute Traumatic Spinal Cord Injury: A Comprehensive Assessment on Health Impacts and Rehabilitation
- Reliability and validity of the Spinal Cord Independence Measure (SCIM) 4th version in a multi-cultural set-up.
- Biomarker discovery and use in Spinal Cord Injury patients: Identifying new treatment targets and markers for predicting clinical outcome

### TEACHING

- Teaching in Management of Chronic Wounds Module
  - MSc in Wound Healing and Tissue Repair, Cardiff University since 2019
- Faculty member in BSRM/BASCIS Spinal Cord Medicine Course, 2018
- Course Director for Spasticity Management and Ultrasound Guided Rehabilitation Interventions Course
  - Delivered through virtual course sessions

## PRESENTATIONS

### AS INVITED SPEAKER

- Paediatric Spinal Cord Injury, International Paediatric Critical Care Conference, Fujairah, UAE, 2025
- Interventions for Spasticity Management, International Paediatric Critical Care Conference, Fujairah, UAE, 2025
- Shoulder Problems in Spinal Cord Injury, 8th International PRM Conference, UAE, 2025
- Sexual Dysfunction in Spinal Cord Injury, The 8th International Days of PM&R, Oran University Hospital, Algeria, 2024
- Surgical Management of Pressure Ulcers in Persons with Spinal Cord Injury, Tissue Viability Society Conference, 2021
- Pitfalls in Pressure Ulcer Management, Tissue Viability Society Conference, Southampton, 2019
- Argument for or Against Early Mobilisation in Spinal Cord Injury, 9th International Conference of the Royal Medical Services, Amman, 2018

### IN WORKSHOPS

- Pitfalls in the management of pressure injuries, 7<sup>th</sup> International PRM Conference, UAE 2024, Urodynamics, Urology Study Day, Oswestry, 2024
- Pressure Injuries Management - UK SCI Centre Experience, ISCoS Annual Conference, 2024
- Plenary Session on Classification of Spinal Cord Injury, BritSpine, 2021
- SCI Assessment & Classification Update (ISNCSCI), MENASCI Meeting, 2019
- Management of Pressure Ulcers, BSRM Annual Conference, 2018
- Surgical Management of Pressure Ulcers, ISCoS Annual Conference, 2017
- Ultrasound Guided Spasticity Interventions, 9th International Conference of the Royal Medical Services, Amman, 2018
