ABOUT HANNAH CARTWRIGHT

Hannah Cartwright is a highly specialist neurological physiotherapist with over 15 years' experience across NHS and private neurorehabilitation services. Her clinical expertise includes stroke, multiple sclerosis, Parkinson's disease, motor neurone disease, spinal cord injury, vestibular disorders and complex neurological rehabilitation.

Hannah is building her medico-legal practice, drawing on her strong clinical background in acute, community and private rehabilitation settings.

She provides clear, practical insight into rehabilitation needs, functional ability, therapy provision and long-term physical outcomes, supported by her experience in service development, upper limb rehabilitation, complex case management and multidisciplinary working.
